## SWIFTS CABLE TRAY RANGE OVERVIEW

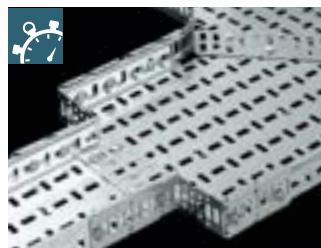

### FLAT BENDS

Available in 30°, 45°, 60° & 90°. Integral base couplers and side lugs hold the fitting in place for easy assembly.

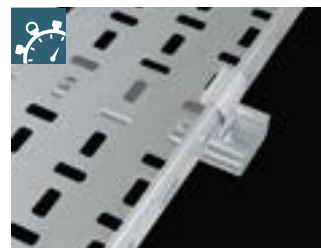

### ADJUSTABLE RISERS

Slide inside the cable tray length and adjust to almost any length or angle up to 90°.

### UNIVERSAL BRACKET

Overcome obstacles and challenges with the universal bracket, available for MRF and SRF cable tray. A simple, versatile solution for on-site fabrication.

### EASI-CLIP

For a simple straightforward connection, use Easi-clip for fast connection of MRF and SRF tray to channel. No need for channel nuts and fixings.

Flat bends, adjustable risers and other Swifts accessories can be connected using **Swiftclip** without the need for additional couplers.

For more information see p.6 of the Swifts cable tray product technical guide.
