1. GENERAL

In these General Conditions of Sale, the "Company" means Legrand Electric Limited and/or each of its subsidiary companies and/or their divisions as appropriate; the "goods" means any item of whatsoever nature (including any part or parts of them) which is to be sold or supplied by the Company including services; the "Purchaser" means the person, firm or body corporate which buys or has agreed to buy the goods; the "Contract" means the contract between the Company and the Purchaser for the sale and purchase of the goods in accordance with these General Conditions of Sale.

These General Conditions of Sale shall apply to and form part of every Contract. All orders are accepted and executed on the understanding that the Purchaser is bound by these General Conditions of Sale which shall govern the Contract to the exclusion of any other terms and conditions subject to which any such order is accepted or purported to be accepted, or any such order is made or purported to be made, by the Purchaser.

No Contract shall come into being unless and until the Purchaser has accepted these General Conditions of Sale either expressly or by implication.

The Purchaser shall ensure that under all reasonably foreseeable conditions the goods are NOT supplied or made available to consumers for "Do it Yourself" purposes. The goods are for professional use only - see section 27 SAFETY.

Any term or condition within these General Conditions of Sale may be waived with the written approval of the Sales Director/Commercial Manager, or the Customer Services Manager of The Cable Management Business Unit of the Company.

2. LIMITS OF CONTRACT

The Contract includes only such goods, accessories and work as are specified in the quotation or acknowledgement accompanying these General Conditions of Sale.

The Company reserves the right to refuse at its discretion any order sent to the Company by the Purchaser.

3. QUOTATIONS

A quotation for the goods given by the Company shall not constitute an offer. Any such a quotation shall be valid for the period set out on the quotation, unless it is withdrawn by the Company within such period. When no period is stated, the quotation is only valid for 30 days after its date. A new quotation will be required for any changes requested by the Purchaser to any goods already quoted for. For quotations issued on or around the time of a price increase, the Company reserves the right to review the validity of the said quote. Purchasers MUST check first with Legrand Cable Management Business Unit.

4. PRICES

(a) The price payable for goods shall unless otherwise stated by the Company in writing be the trade price of the Company current at the date of despatch and in the case of an order for delivery by instalments the price payable for each instalment shall be the list price of the Company current at the date of despatch of such instalment.

(b) Unless otherwise expressly stated to be firm for a period the Company's prices are subject to variation to take account of variations in wages, materials and other costs. The Company accordingly reserves the right by giving notice to the Purchaser at any time before delivery to increase the price of the goods by the amount of any increase in such costs after the price is quoted.

(c) All prices are exclusive of Value Added Tax and this will be charged at the applicable rate and recoverable by the Company in addition to the price.

(d) All invoiced price discrepancies must be notified by the Purchaser to the Company within 14 working days of the date of invoice.

(e) The Company does not assume liability in any form for any changes in the Purchaser's valuation of its inventories subsequent to either a price increase or decrease (whether this be through changes in Discount, Trade Prices or any other adjustment) of its product ranges.

5. PAYMENT

(a) The Company may invoice the Purchaser on or at any time after the Company's acceptance of an order. Unless otherwise agreed in writing payment is due without deduction on or before the last working day of the month following the date of the invoice. Settlement discount may be deducted from a payment made to the Company by the Purchaser only where the Purchaser has the written permission of the Company and payment is made within the agreed credit terms. Where the Purchaser has a purchase rebate agreement with the Company, the Company reserves the right to deduct from any rebate payment due to the Purchaser, any settlement discount incorrectly taken on payments made outside of the agreed credit terms.

(b) Subject to Clause 5(a), payments shall be made without deduction or set off.

(c) Where the Contract provides for delivery in instalments each instalment shall be considered as a separate Contract.

(d) Time for payment shall be of the essence of the Contract.

(e) Without prejudice to any other rights it may have the Company is entitled to charge interest at 8% above the current Bank of England base rate or such other rate of interest as shall be determined under the Late Payment of Commercial Debts (Interest) Act 1998 on any overdue payments.

(f) Additionally and without prejudice to its other rights the Company shall be entitled to recover all direct expenses reasonably incurred by the Company in collecting or attempting to collect amounts of the price outstanding.

(g) If the Purchaser fails to make any payment when due in accordance with these General Conditions of Sale,

the Company reserves the right in its absolute discretion and without prejudice to any of its other rights or remedies to suspend all further deliveries until such payment has been made in full, together with any other amounts owing to the Company whether the due date for payment has been reached or not, if so requested by the Company or, at the Company's option, to cancel the balance of the order. In either case the Company shall hold the Purchaser liable for costs incurred in respect of goods in course of manufacture or ready for despatch.

(h) The Company shall be entitled to bring an action for the price or part thereof whether or not the property in the goods has passed.

6. PAYMENT DISPUTES AND DEBIT NOTES

The Purchaser shall operate a debit note system and apply this in accordance with the Company's disputes procedure. Debit notes shall include the Company's relevant invoice details and be notified to the Company the day they are raised and shall be considered as dated the day that they are received by the Company. Debit notes for disputes more than 5 days older than the Purchaser's payment terms will not be accepted.

Debit notes shall only be raised for the value of goods in dispute, not the whole invoice.

Settlement discount will not be allowed on monies incorrectly withheld by debit notes later rejected.

Debit notes may be raised for the following items:

- Pricing errors
- Delivery shortages
- Faulty goods
- Damaged goods
- Incorrect goods supplied (i.e. not as ordered).

A returns authorisation number (RAN) must be granted by the Company and must clearly feature on the Purchaser's debit note. All debit notes are only to be sent to Legrand Head Office, Great King St North, Birmingham B19 2LF. Electronic versions of debit notes will not be accepted.

All requests to return goods must be agreed to in writing with the Company prior to a debit note being raised and a copy of the consent must be submitted with any related debit note.

The Company reserves the right to replace goods returned as faulty, in place of issuing a credit note. In circumstances where items claimed as faulty have not been opened, the goods will be returned to the Purchaser and no credit issued.

In no circumstances will consent be given by the Company for the return of special or bespoke goods.

Where the Purchaser has a purchase rebate agreement with the Company, the Company reserves the right to deduct from any rebate payment due to the Purchaser, the value of any debit notes deducted from a remittance made by the Purchaser, but subsequently rejected by the Company.

7. CREDIT FACILITIES

Any Contract shall be subject to the Company being satisfied as to the Purchaser's credit references, and without prejudice to the generality of the foregoing, the Company may (in its absolute discretion), having informed the Purchaser that the goods are ready for despatch, refrain from delivering the goods until such time as the Purchaser tenders the purchase money to the Company together with any outstanding amounts which may be due to the Company on any account whatsoever.

20. CANCELLATIONS

Goods ordered on a firm order cannot be considered cancelled until written consent has been obtained from the Company. Orders for bespoke goods for which manufacturing or materials sourcing has already irrevocably commenced will not be accepted for cancellation or return.

Should goods be refused at the Purchaser's premises claiming that cancellation has been approved, written evidence must be given of the Company's consent, being a copy of the Company's cancellation acknowledgement document, or the goods will still be charged and no credit will be issued. Storage and re-delivery charges for non-accepted goods will also be applied.

If unauthorised debit notes are raised and monies withheld from payment the Company reserves the right to withdraw supply of goods until the debit note is withdrawn and the monies are paid in full.

The Company will not collect goods from site. Goods returned by the Purchaser's transport or by third party carrier without the prior written consent of the Company will not be received or credited. No credit will be due for goods lost or disposed of without the Company's written consent.

All goods returned must be in a re-saleable condition, with undamaged cartons and must be in complete box quantities/minimum sales quantities, and must be in the Company's current price list.
