Global strength

built on local knowledge

Legrand is the global specialist in electrical and digital building infrastructures. Innovation is the driving force behind its development.

With an increasing investment in research and development (circa 5% of sales) and more than 4,000 active patents, the Legrand Group is focused on maintaining a high rate of new product launches that present innovative solutions to the market.

CORPORATE SOCIAL RESPONSIBILITY

Legrand's CSR roadmap is a natural extension to the governance and sustainable development approach in which the company has been engaged for many years. The CSR roadmap firmly asserts Legrand's ongoing commitment to sustainable development.

Respect human rights and communities
Ensure health, safety and well-being
Develop skills
Promote equal opportunity and diversity

Provide sustainable solutions
Ensure sustainable procurement
Act ethically

Mitigate climate change
Innovate for the circular economy
Prevent pollution

LEGRAND'S POWER DISTRIBUTION BUSINESS UNIT

Legrand's power distribution business unit is the home of Electrak, a leading name in power distribution and lighting control solutions.

Electrak powertrack systems, floor boxes, grommets, desk modules and lighting control ranges are installed in high specification offices around the world.

Powering the home and office

UNDERFLOOR POWER

Electrak's powertrack system is perfect for supplying underfloor power in cavity floor installations. With minimal parts, push-fit assembly and a complementary range of floor boxes, this flexible, easy-to-install system can be reconfigured as office layouts evolve.

POWERTRACK

CAVITY FLOOR BOXES

WORKPLACE POWER

Electrak's access grommets provide the gateway for power to feed from the underfloor powertrack network to the workstation, where all desk power requirements are met with our ranges of desk modules, Intersoc-R, on-desk and in-desk.

FLOOR GROMMETS

INTERSOC-R

ON-DESK AND IN-DESK

MODULAR MONITOR ARMS

The Chief brand offers a large and diverse selection of monitor arms. With both clamp and pole mount configurations, you can find a product that best adapts to your workspace. With different models and configurations, there is an option to suit any project requirement.
