1. GENERAL

In these General Conditions of Sale, the "Company" means Legrand Electric Limited and/or each of its subsidiary companies and/or their divisions as appropriate; the "goods" means any item of whatsoever nature (including any part or parts of them) which is to be sold or supplied by the Company including services; the "Purchaser" means the person, firm or body corporate which buys or has agreed to buy the goods; the "Contract" means the contract between the Company and the Purchaser for the sale and purchase of the goods in accordance with these General Conditions of Sale.

These General Conditions of Sale shall apply to and form part of every Contract. All orders are accepted and executed on the understanding that the Purchaser is bound by these General Conditions of Sale which shall govern the Contract to the exclusion of any other terms and conditions subject to which any such order is accepted or purported to be accepted, or any such order is made or purported to be made, by the Purchaser.

No Contract shall come into being unless and until the Purchaser has accepted these General Conditions of Sale either expressly or by implication.

The Purchaser shall ensure that under all reasonably foreseeable conditions the goods are NOT supplied or made available to consumers for "Do it Yourself" purposes. The goods are for professional use only - see section 27 SAFETY.

Any term or condition within these General Conditions of Sale may be waived with the written approval of the Sales Director/Commercial Manager, or the Customer Services Manager of The Power Distribution Business Unit of the Company.

2. LIMITS OF CONTRACT

The Contract includes only such goods, accessories, and work as are specified in the quotation or acknowledgement accompanying these General Conditions of Sale.

The Company reserves the right to refuse at its discretion any order sent to the Company by the Purchaser.

3. QUOTATIONS

A quotation for the goods given by the Company shall not constitute an offer. Any such a quotation shall be valid for the period set out on the quotation, unless it is withdrawn by the Company within such period. When no period is stated, the quotation is only valid for 60 days after its date. A new quotation will be required for any changes requested by the Purchaser to any goods already quoted for. For quotations issued on or around the time of a price increase, the Company reserves the right to review the validity of the said quote. Purchasers MUST check first with Legrand Power Distribution Business Unit.

4. PRICES

(a) The price payable for goods shall unless otherwise stated by the Company in writing be the trade price of the Company current at the date of despatch and in the case of an order for delivery by instalments the price payable for each instalment shall be the list price of the Company current at the date of despatch of such instalment.

(b) Unless otherwise expressly stated to be firm for a period the Company's prices are subject to change to take account of variations in wages, materials and other costs. The Company accordingly reserves the right to give notice to the Purchaser at any time before delivery to increase the price of the goods by the amount of any increase in such costs after the price is quoted.

(c) All prices are exclusive of Value Added Tax and this will be charged at the applicable rate and recoverable by the Company in addition to the price.

(d) All invoiced price discrepancies must be notified by the Purchaser to the Company within 14 working days of the date of invoice.

(e) The Company does not assume liability in any form for any changes in the Purchaser's valuation of its inventories subsequent to either a price increase or decrease (whether this be through changes in discount, trade prices or any other adjustment) of its product ranges.

5. PAYMENT

(a) The Company may invoice the Purchaser on or at any time after the Company's acceptance of an order. Unless otherwise agreed in writing payment is due without deduction on or before the last working day of the month following the date of the invoice. Settlement discount may be deducted from a payment made to the Company by the Purchaser only where the Purchaser has the written permission of the Company and payment is made within the agreed credit terms. Where the Purchaser has a purchase rebate agreement with the Company, the Company reserves the right to deduct from any rebate payment due to the Purchaser, any settlement discount incorrectly taken on payments made outside of the agreed credit terms.

(b) Subject to Clause 5(a), payments shall be made without deduction or set off.

(c) Where the Contract provides for delivery in instalments each instalment shall be considered as a separate Contract.

(d) Time for payment shall be of the essence of the Contract.

(f) Additionally and without prejudice to its other rights the Company shall be entitled to recover all direct expenses reasonably incurred by the Company in collecting or attempting to collect amounts outstanding.

(g) If the Purchaser fails to make any payment when due in accordance with these General Conditions of Sale, the Company reserves the right in its absolute discretion and without prejudice to any of its other rights or remedies to suspend all further deliveries until such payment has been made in full together with any other amounts owing to the Company whether the due date for payment has been reached or not, if so requested by the Company or, at the Company's option, to cancel the balance of the order. In either case the Company shall hold the Purchaser liable for costs incurred in respect of goods in course of manufacture or ready for despatch.

(h) The Company shall be entitled to bring an action for the price or part thereof whether or not the property in the goods has passed.

Debit notes shall include the Company's relevant invoice details and be notified to the Company the day they are raised and shall be considered as dated the day that they are received by the Company. Debit notes for disputes more than five days older than the Purchaser's payment terms will not be accepted.

The Company reserves the right to charge £30 where a claim for alleged shortage is received but on investigation the goods are shown to have been correctly delivered. This charge will be deducted from any rebate due to the Purchaser. Where goods are collected by the Purchaser or the Purchaser's staff or agent no claim for shortage or damage will be considered. In the event of an agreed shortage on an order the goods will need to be credited and reordered. 17. DESCRIPTIVE MATTER AND ILLUSTRATIONS

All descriptions, illustrations and particulars of weights and dimensions issued by the Company in catalogues, price lists, advertising matter and forwarding specifications are by way of general descriptions and approximate only, and shall not form part of any contract or give rise to any liability on the part of the Company.

It is the policy of the Company to endeavour to develop and improve its products and accordingly the Company reserves the right to change all specifications without prior notification or public announcement pursuant to such policy. Provided that nothing in this Clause shall oblige the Purchaser to accept goods that do not reasonably comply with the contract.

18. WARRANTY AND LIABILITY

(a) The Company warrants that on delivery, and for a period of 2 years from the date of delivery, or in the case of Lighting Controls systems 2 years from the date of final commissioning sign off ("warranty period"), the goods shall:

(i) conform in all material respects with any applicable specification agreed by both parties in writing in advance;

(ii) be free from material defects in design, material and workmanship; and

(iii) be of satisfactory quality (within the meaning of the Sale of Goods Act 1979).

(b) Subject to clause 18(c), if:

(i) the Purchaser gives notice in writing to the Company during the warranty period within a reasonable time of discovery that some or all of the goods do not comply with the warranty set out in clause 18(a);

(ii) the Company is given a reasonable opportunity of examining such goods; and

(iii) the Purchaser (if asked to do so by the Company) returns such goods to the Company's place of business at the Purchaser's cost,

the Company shall, at its option, repair or replace the defective goods, or refund the price of the defective goods in full.

(c) The warranty given in Clause 18(a) is subject to the following provisos, namely:

(i) That the defects shall not have arisen through fair wear and tear, willful damage, negligence, abnormal working conditions, misuse, alteration or repair of goods by the Purchaser without the Company's approval;

(ii) That the Purchaser shall have followed all instructions issued by the Company in relation to the goods;

(iii) That in the case of defects which would have been reasonably apparent to the Purchaser on reasonable examination of the goods on delivery, the Purchaser shall notify the Company of the defects in writing within 2 working days of delivery;

(iv) That in the case of any other defects, the Purchaser shall notify the Company of the defects in writing within 7 working days of the date when the defect becomes apparent and the Purchaser shall not make use of such goods after giving notice;

(v) That where in discharge of its obligations under the warranty given in this Clause the Company agrees that the Purchaser may undertake any repair or remedial work on its behalf, the cost of such work shall be agreed in writing between the Purchaser and the Company before the commencement of any such repair or remedial work.

(d) The terms implied by sections 13 to 15 of the Sale of Goods Act 1979 are, to the fullest extent permitted by law, excluded from the Contract.

(e) Clause 18(a) to Clause 18(d) shall apply to any repaired or replacement goods supplied by the Company.

(f) Nothing in these General Conditions of Sale shall limit or exclude the Company's liability for (i) death or personal injury caused by its negligence, or the negligence of its employees, agents or subcontractors; (ii) fraud or fraudulent misrepresentation; or (iii) any other matter in respect of which it would be unlawful for the Company to exclude or restrict liability.

(g) LIMITATION OF LIABILITY. SUBJECT TO CLAUSE 18(F):

(i) THE COMPANY SHALL UNDER NO CIRCUMSTANCES WHATSOEVER BE LIABLE TO THE PURCHASER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF STATUTORY DUTY, OR OTHERWISE, FOR ANY LOSS OF PROFIT, OR ANY INDIRECT OR CONSEQUENTIAL LOSS ARISING UNDER OR IN CONNECTION WITH THE CONTRACT; AND

(ii) THE COMPANY'S TOTAL LIABILITY TO THE PURCHASER IN RESPECT OF ALL OTHER LOSSES ARISING UNDER OR IN CONNECTION WITH THE CONTRACT, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF STATUTORY DUTY, OR OTHERWISE, SHALL IN NO CIRCUMSTANCES EXCEED THE PRICE OF THE GOODS.

19. REJECTION

Unless otherwise agreed in writing, and subject to Clause 18 hereof, goods rejected as not complying with the Contract must be rejected within 2 working days of delivery to the Purchaser's premises or to such other place as the Purchaser shall have specified.

20. CANCELLATIONS

Goods ordered on a firm order cannot be considered cancelled until written consent has been obtained from the Company. If material or any other matter pertaining to the manufacture of product has been set in motion, the company reserve the right to counter charge for the outlay incurred. This will have to be covered by a separate order number prior to the cancellation being agreed. Orders for bespoke goods for which manufacturing or materials sourcing has already irrevocably commenced will not be accepted for cancellation or return.

Should goods be refused at the Purchaser's premises claiming that cancellation has been approved, written evidence must be given of the Company's consent, being a copy of the Company's cancellation acknowledgement document, or the goods will still be charged and no credit will be issued. Storage and re-delivery charges for non-accepted goods will also be applied.

21. RETURN OF GOODS

Under no circumstances will goods be accepted for return without the Purchaser having first applied for and obtained the written consent of the Company (such consent will not be considered after six months of the Purchaser having received product). The minimum net value of goods to be returned shall be no less than £500. A handling charge of 40% of the value of the goods is chargeable to recover costs of re-stocking, inspection, factory tests and administration. This will be deducted from any credit allowed by the Company. Goods that are specialised (see note 6) or modified in any way from standard are not eligible for return or credit.

Debit notes for return of goods must not be raised or deducted before written consent has been obtained from the Company. If unauthorised debit notes are raised and monies withheld from payment the Company reserves the right to withdraw supply of goods until the debit note is withdrawn and the monies are paid in full.

The Company will not collect goods for return. Goods returned by the Purchaser's transport or by third party carrier without the prior written consent of the Company will not be received or credited. No credit will be due for goods lost or disposed of without the Company's written consent.

All goods returned must be in a re-saleable condition, with undamaged cartons and must be in complete box quantities/minimum sales quantities. Goods must appear in the Company's current pricelist.

22. PATENTS AND INTELLECTUAL PROPERTY

(a) With respect to the goods, the Purchaser agrees and acknowledges:

(i) that all copyright and other intellectual property rights (including but without limitation, patent, copyright trademark, registered design or other industrial property right) in and relating to the goods supplied by the Company is the property of the Company (or its supplier as applicable) and the Purchaser agrees that it will not carry out or authorise or procure the carrying out of any act that might infringe such copyright or other intellectual property (including reproducing or authorising or procuring the reproduction of howsoever any item supplied by the Company under or by virtue of any order or contract) and;

(ii) that it is authorised to use and install the goods owned by it only for the purposes defined in the order or contract and for no other purpose whatsoever; and

(iii) it will take all reasonable precautions to ensure that no unauthorised person may take or copy from the goods any intellectual property rights or technical specifications or copy thereof and that all persons who have access to the goods are made aware of the provision of this paragraph.

(b) The Purchaser will indemnify the Company against all damage, penalties, costs, losses and expenses suffered by the Company or for which it may become liable in respect of the infringement of any intellectual property including (but without limitation) any patent, copyright, registered design, trade mark, trade name, or know-how arising out of the Company's manufacture of goods in accordance with any specification design drawings or other ideas supplied by the Purchaser or its servants or agents.

23. COPYRIGHT

All drawings, descriptions and other information submitted by the Company, together with the copyright therein shall remain the property of the Company.

24. FORCE MAJEURE AND OTHER CIRCUMSTANCES

The Company shall be entitled without liability on its part and without prejudice to its other rights, to terminate the contract or any unfulfilled part thereof, or at its option to suspend or make partial deliveries or extend the time or times for delivery, if the manufacture of the goods by the Company or the Company's suppliers, or the delivery of the goods or the performance by the Company of any of its obligations under the contract is hindered or delayed whether directly or indirectly by reason of the Purchaser failing to furnish necessary instructions or information, or by war or other hostilities, civil commotion, act of God, government action or legislation, interruption of transport, strike, lock-out or other form of industrial action (including, without limitation, labour disputes with the Company's or any sub-contractor's employees), accidents or stoppages to works, shortage of labour, materials, equipment, fuel or power, breakdown of machinery or any other cause whatsoever beyond the reasonable control of the Company or its subcontractors, whether or not such cause exists at the date of the order.

25. PASSING OF PROPERTY AND RISK

(a) Risk of damage to or loss of the goods shall pass to the Purchaser in the case of goods to be delivered otherwise than at the Company's premises, at the time of delivery, or, if the Purchaser wrongfully fails to take delivery of the goods, the time when the Company has tendered delivery of the goods.

(b) Notwithstanding delivery and the passing of risk in the goods, or any other provision of these General Conditions of Sale the property in the goods shall not pass to the Purchaser until the Company has received in cash or cleared funds payment in full of the price of the goods.

(c) Until such time as the property in the goods passes to the Purchaser, the Purchaser shall hold the goods as the Company's fiduciary agent and bailee, and shall keep the goods separate from those of the Purchaser and third parties and properly stored, protected and insured and identified as the Company's property, but shall be entitled to resell or use the goods in the ordinary course of its business. If the Purchaser resells the goods it does so as principal and not as the Company's agent and property to the goods shall pass from the Company to the Purchaser immediately before the time at which resale by the Purchaser occurs.

(d) Until such time as the property in the goods passes to the Purchaser (and provided the goods are still in existence and have not been resold), the Company shall be entitled at any time to require the Purchaser to deliver up the goods to the Company and, if the Purchaser fails to do so forthwith, to enter upon any premises of the Purchaser or any third party where the goods are stored and repossess the goods.

(e) The Purchaser shall not be entitled to pledge or in any way charge by way of security for any indebtedness any of the goods which remain the property of the Company, but if the Purchaser does so all moneys owing by the Purchaser to the Company shall (without prejudice to any other right or remedy of the Company) forthwith become due and payable.

26. INSOLVENCY OF PURCHASER AND TERMINATION

(a) This Clause applies if:

(i) The Purchaser becomes insolvent or makes any voluntary arrangement with its creditors or becomes subject to an administration order or (being an individual or firm) becomes bankrupt or (being a Company) goes into liquidation (otherwise than for the purposes of amalgamation or reconstruction); or

(ii) An encumbrancer takes possession, or a receiver or administrative receiver is appointed, of any of the property or assets of the Purchaser: or

(iii) The Purchaser ceases, or threatens to cease, to carry on business; or

(iv) The Company reasonably apprehends that any of the events mentioned above is about to occur in relation to the Purchaser and notifies the Purchaser accordingly.

(b) If this Clause applies then, without prejudice to any other right or remedy available to the Company, the Company shall be entitled to terminate the Contract or suspend any further deliveries under the Contract without any liability to the Purchaser, and if the goods have been delivered but not paid for, the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.
