

## CPD seminar

# Ark Flash - Estimating Incident Energy in open channel solutions

This is a presentation on adapting IEEE1584-2018 methods to open channel busway applications. The learning outcome is that data Centre operators and designers have a better understanding of how to adapt the IEEE1584-2018 methods to open channel busway solutions. This CPD covers each step in the calculation methods; and reviews against IEC TR 61641 testing to provide accurate methods.
